HE RESIGNED TO FREEZE OUT BARRY AND BAILEY, BUT THEY WON'T GO.

The Grand Master Workman and His Friend tee Retire from the Excentiv ord, but the General Assembly Refuse scept Their Resignations—Bailey Con-

POLIS, Oct. 18.—There is no doubt at Mr. Powderly is very much disgusted at a factional fight which is obstructing the siness of the Knights' convention. His ed course yesterday afternoon shows sermined course yesterday afternoon shows is. After a day of ceaseless discord, owderly, and all the other general officers, ting in accordance with a resolution proceed by Delegate Archibold, of District sembly No. 49, New York, tendered their signations except Mesers. Barry and Bailey, he declared that they would not resign unlaterion should be taken by the convention oncerning the charges they had preferred gainst the other general officers. This as a scheme of Powderly's to get terry and Bailey out of the Board dihout russ, but it failed. The hights' organization was without a head for the hours last evening, Mr. Powderly having abdicated the General Master Workmanhip and Chairmanahip of the General Essenbly. But just before adjournment the envention, upon a motion offered by John. O'Neill, of District Assembly No. 180, reaton, refused to accept the resignation, and andersed the actions of Mr. Powderly at those members of the General Executive board who had resigned.

Thus the general officers are still retained a their positions, and with them Messra. Arry and Bailey, notwithstanding the great forts that were put forth yesterday through series of amendments to the constitution overning the tenure of the general officers caccomplish their removal. One of these mendments, if passed, would have abolished he entire General Executive Board except on of officers after next year's session of the deneral Assembly, and a third would have indeed to be come part of the law.

It is uncertain this morning what Powderly fill do. His friends have insisted all along limit he will not serve as General Master Vorkman if Messra. Barry and Bailey are resined on the Board. Bailey is very bitter in his remarks on the often of the convention at every opportunity. At last Powderly endered his resignation. He was at once the opportunity and procession of the convention at every opportunity. At last Powderly endered his resignation. He was at once lollowed by General Secretary L'edman and General Treasurer Turner, and Messra. Darli After a day of ceaseless discord rly, and all the other general officers,

cause they could not do so under the present conditions.

The result was that the adherents of the administration had no alternative left but to vote against the acceptance of the resignations that they themselves had demanded. On this again there was no call of the roll. As a climax to the stratagem a vote of confidence in the membership of the Board who had submitted their resignations was submitted and carried with about thirty delegates shouting "No!"

In brief the charges made by Messrs. Bailey and Barry against the other general officers are usurpation of power and missase of the officers' money. In his speech yesterday afternoon Bailey said that the dissensions between the members of the Board first occurred when he and Barry called the attention of Mr. Powderly to his misdoing, and that for doing this they had incurred Mr. Powderly's enmity to such a degree that he desired to accomplish their removal. Concerning Mr. Powderly's explanation of the O'Reilly mission he declared that the General Master Workman had practically acknowledged that he had done wrong in the matter. A sum of \$500, he said, had been advanced to General Secretary Litchman by Mr. Powderly from the treasury of the order leaf to the desired that the secretary Litchman by Mr. Powderly from the treasury of the order leaf to the colored to the secretary Litchman by Mr. Powderly from the treasury of the order leaf the colored to the colored to the treasury of the order leaf to the colored to the colored to the treasury of the order leaf to the colored to the colored to the treasury of the order leaf to the colored to the colored to the treasury of the order leaf to the colored to the colored to the colored to the tenser of the colored to the colo sum of \$500, he said, had been advanced to General Secretary Litchman by Mr. Powderly from the treasury of the order last fall to buy a printing press for Mr. Litchman's con in Marblehead, and this money had not been refunded until July last. A glance at the accounts of the order, he added, would show that it was not paid back until after Mr. Litchman had received payment for a large bill of printing.

The feeling among the delegates to-day is very bitter and relations are very strained now that this matter has been disposed of. The routine of business will now be disposed of with a rush and the General Assembly may adjourn to-morrow.

Mr. L. Z.
